Instructors: **Bill Lowe--**

Born and raised in the Sacramento area, Bill has been providing fly fishing instruction to all levels of fly-fishers and has been running a full-time guide service for the past 13 years. Bill has conducted fresh, saltwater, and spey schools for SAGE and is well equipped to meet the needs of the beginner as well as the more advanced angler. When not guiding the Yuba, American, and Sacramento Rivers, or the North Lake Tahoe lakes and streams, Bill is often found playing guitars with his wife, Michelle, and dreaming of assisting your pursuit of trout, shad, stripers, steelhead or salmon. Any day spent with him is WAY better than sleeping in or raking leaves!

What You Will Learn:

Learn the art of fly-casting using a wide variety of Sage performance fly rods under the guidance of an experienced Sage instructor. The morning session will address beginning skills such as the roll cast, pickup & laydown, false casting, shooting line, and line controlling casts. The afternoon class covers more intermediate/advanced techniques for the angler who has casting experience, but would like to improve his or her skills; the day is full of customized instruction. Whether you are a beginner or an experienced fly fisherman, Sage casting clinics help to provide the skills and knowledge necessary to pursue the sport of a lifetime.
