Born and raised in the Sacramento area, Bill has been providing fly fishing instruction to all levels of fly-fishers and has been running a full-time guide service for the past 13 years. Bill has conducted fresh, saltwater, and spey schools for SAGE and is well equipped to meet the needs of the beginner as well as the more advanced angler. When not guiding the Yuba, American, and Sacramento Rivers, or the North Lake Tahoe lakes and streams, Bill is often found playing guitars with his wife, Michelle, and dreaming of assisting your pursuit of trout, shad, stripers, steelhead or salmon. Any day spent with him is WAY better than sleeping in or raking leaves!

What You Will Learn:

Spend a full day learning the basics of the wonderful sport of fly-fishing. Trout schools are broken into a comfortable mixture of personalized casting instruction using a variety of Sage performance rods, basic knots used, tackle selection, entomology and fly selection, and techniques & strategies to use once you get out on the water! Safety, conservation, and etiquette issues that are part of fly-fishing are also discussed. Beginner and experienced anglers alike benefit from the personalized instruction offered by Bill. You will leave the school equipped with a strong foundation to begin your adventures in fly-fishing!
